Info@abrams.wiki

ABRAMS world trade wiki is a business intelligence platform specializing in international trade data. The portal links data from the United Nations Comtrade Database (UN Comtrade) with customs and trade data.

ABRAMS.wiki offers data and analysis tools on topics such as competitive analysis (e.g., which companies supply whom), supplier and customer search (various tools), insights into global supply chains, logistics insights, and export/import data from many countries and companies.
