Laura@cathedralhearing.co.uk

Throughout her 14-year career, Laura has worked in several different settings, including NHS and Private Audiology services. Although she enjoyed her previous roles, Laura found that her time and resources were often restricted. This motivated her to create a practice which dedicates more time to understanding and meeting her patients' hearing needs. She has also invested in high quality equipment and technology to ensure that she achieves the best possible outcome for her patients.
