Video is affordable and it's easy to get started! We can turn your video around in about 10 days. There are 3 packages from which to choose. Each package includes:

- We meet to discuss your message. You will answer questions that will guide the video interview.
- We determine what location we film, who will be interviewed, and what other video footage should be included (your customers, employees, office, products, etc.)
- On the day of the shoot, we will be there for about 2 hours with minimal disruption to your business. The interview is conducted in a natural conversational format.
- We take the best parts of the interview and edit to 30 seconds with music and the other footage for a genuine, personal picture of your organization.
- We review the video online with you.
- Your suggested edits are made and the video is delivered.
